FAQs

Do you provide bartenders? We do for full-service events only. Our bartenders will ice down all your beverages in coolers and galvanized tubs that DRR provides. We will efficiently serve your guests throughout the event and repackage your alcohol at the end of the event. Bartenders are charged at \$45/hour and must arrive and leave with the other staff members. Having multiple bars or moving bars requires additional bartenders.

Our bartending services are limited to only beer, wine, champagne, and canned cocktails. **We DO NOT mix or pour liquor. We DO NOT pass champagne or serve tableside.** If you would like to serve liquor at your event, we can recommend many local mobile bars that offer an amazing experience.

Who provides the ABC license?

Deep Run Roadhouse DOES NOT have an offsite ABC license. If we did, we would have to sell you the alcohol and charge you by the drink. This would greatly increase the cost of your event. Either the host or the venue needs to provide the license. The cost of a one-day license is \$55 and can be obtained on the ABC website or at the ABC headquarters located at 2901 Hermitage Road, Richmond VA. We are licensed and insured to open and serve your alcohol.

What type and how much alcohol should be provided?

- **How Much Alcohol?** We suggest buying 4 drinks per person. Many people will only have one and your heavy drinkers will have 4 or 5. One wine bottle equals 4 drinks. For 100 people we suggest 3-4 cases of wine and 6-8 cases (24 packs) of beer.
- **Beer.** We DO NOT suggest kegs. Kegs greatly slow down service at the bar because most off-site keg systems require pumps and are not as efficient as the ones you see in restaurants with CO2. Using kegs will require an additional staff member to help move and pump the keg throughout the event. Bottled beer is very easily repackaged and sent home with the family at the end of an event to consume later. This is very difficult with kegs. We suggest 4 varieties of beer: a popular domestic, a local craft beer, something lite (hard seltzer or Michelob Ultra), and one of someone's favorite. Too many choices of beer will also slow down service at the bar and you end up running out of one variety sooner.
- **Wine.** We suggest 2 or 3 types of wine. One red, one white and one of someone's favorite. Too many choices of wine also slow down service at the bar and you end up running out of one variety sooner.
- **Liquor.** We do not mix or pour liquor to order. If you would like to serve liquor at your event, we can recommend many local mobile bars that offer an amazing experience.
- **Champagne.** We are happy to serve champagne from the bar. We do not pass or serve champagne tableside. Typically, your guests are happy toasting with the drink they already have in their hand. Many guests will just take a sip of champagne and put their glass down, so there is no need to purchase too much.

How many bars should we have?

If your event is 150 people or less, we only suggest one bar. We can usually serve a person every 5 seconds. If we had to serve all 150 guests at once it would only take us 16 minutes. Having two bars or having to move a bar greatly increases your cost of staffing, rentals, equipment, and beverage purchases.

Do you clean up the venue?

We do for full-service events. The areas where our food, beverages, and prep are done, we take full responsibility of the cleanliness. We will also keep the general areas clean throughout the event. Our staff stays busy bussing tables, taking out trash, and general cleaning. We will continue to keep the venue clean until our mutually agreed upon departure time. A full clean up and breakdown of an event requires 30 minutes after your guest departure. We will always stay 30 minutes after your guest departure to clean the venue, unless otherwise instructed.

Do you set-up the venue?

We will assist you with any reasonable requests to set up or break down the venue. We will always set up and break down all the areas where our food and beverages are presented and prepped. However, items such as setting up guest tables and chairs, centerpieces, and overall decorating and logistics should be handled by a wedding coordinator/planner. We do not mind assisting with these items, we just need to be specifically made aware and delegated to do these tasks. Having our catering team show up early to assist with set up will increase your staffing costs.

Do you do venue walk-throughs prior to the event?

We do on full-service events. However, we do not feel it's necessary if a detailed schematic can be provided for us. We are very familiar with all the venues in the area.

How much food is provided for each guest?

Our packages are designed to provide each person with a pound and half of food per person. An average person usually eats about a pound of food per meal. We bring extra to account for variance of all the different choices, so each guest has the same experience. We highly suggest an accurate guest count, so every guest has the same experience and enough to eat. We take the utmost pride in making sure the first person through the buffet has the same experience as the last person through.

Who should I include in the guest count?

DO NOT include our staff. You should include all your guests, including children above the age of 8. You should consider including the DJ, parking attendants, wedding planner and staff, photographer, and any other service providers that will be there during or after dinner service. We suggest children under 8 years old be counted as a half guest.

How long are appetizers left out on display?

We offer suggestions to order enough appetizers to last the entirety of the cocktail hour. After the cocktail hour, we consolidate and straighten up the appetizer station. We usually break down the appetizer station after the guests have lost interest or we don't have enough product to maintain a nice presentation. We do suggest having an accurate guest count for the appetizer station as well.

Can we keep the leftovers?

Yes, you can! We bring extra smaller pans to consolidate and package them up. However, there needs to be adequate refrigeration on site to store the leftovers or they need to be immediately removed off site. Health code strictly prohibits us serving food that is not held at the proper temperature. Therefore, it is up to our discretion, whether we leave the leftovers or not.

Can we provide our own food or beverage in addition to DRR's food?

Yes, but we do not suggest it, except for desserts. We take the utmost pride in the presentation, safety, and taste of our food and beverage that we serve. Sometimes when family members provide additional food, we have no idea if the food was sanitarily produced or held at proper temperatures. If for some reason the food makes someone ill, doesn't taste right, runs out quickly, or is not presented up to par, it is a direct reflection of our catering company. However, we cannot stop your mom from bringing her famous meatballs, we just ask that it is presented on a separate table with accommodations made to present it safely. All host provided appetizers must be prepped and plated on the platter its being served from.

Who is going to cut our cake or present the desserts?

We would love to cut and plate your cake. However, we do not go around a serve the cake to the guests. We can provide a table to serve your cake and have your guests help themselves. We will also assist in the presentation of other desserts, such as doughnuts or cupcakes.

Is gratuity included in the price?

We do not charge gratuity but appreciate a tip when a good job is done. Typical gratuity for full-service events is \$50-\$100 per staff member. For a delivery and set-up wedding event a typical tip is 5-15%. Please remember, these are only suggestions, based on what we normally see.

How does DRR help plan for the event?

Our catering management team is available 7 days a week from 9am to 5pm to answer any questions over the phone throughout the planning process. We are also very responsive with emails. If you send us an email before 5pm, we will always respond that day. 2-3 months prior to your event, we will send you a link to fill out a questionnaire regarding all aspects of food and beverage related to your event. This questionnaire is very detailed and offers many suggestions and answers many frequently asked questions. After we receive your questionnaire back, we reply with your revised order and BEO (banquet event order). We then have you schedule a few phone meetings (at your convenience), to discuss details and help plan. On Saturday, the week prior to your event, we will schedule another phone meeting to finalize all remaining details, guest count, and menu decisions.
